Instructions

This crust recipe may be used instead of the original yeast dough recipe.

The original homemade pizza topping recipe is to be used along with this crust.

Heat oven to 425 degrees. Measure flour, baking powder, milk and oil into bowl. Stir vigorously until mixture leaves side of bowl.

Gather dough together and press into ball. Knead dough in bowl 10 times to make smooth. Divide dough into 1 ball for every cup of flour used in recipe.

On lightly floured cloth-covered board, roll each half into 13" circle (4 servings) OR use two balls for 12" X 18" pan (8 servings). Place on baking sheet(s). Turn up edge 1/2 inch and pinch. Place pizza toppings on top following Homemade Pizza recipe for same Yield as the Yield of the crust you are preparing.

Bake 20-25 minutes. Cut into 8 pieces for each 2 cups flour used in Stir-n-roll Crust recipe.
